Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Selected Problem Statement:

Patients often face difficulties in finding suitable doctors and booking appointments efficiently. Traditional appointment systems involve long waiting times, manual scheduling, and limited accessibility. There is a need for a digital platform that allows users to search for doctors, book appointments online, and manage their healthcare conveniently.

Step-2: Brainstorm, Idea Listing and Grouping
